## INSTALLATION GUIDE

Install your new Impressive Turf Solutions synthetic lawn by following these simple steps.

### CHECKLIST:

Tape measure	✓	Roller	✓
Shovel	✓	Utility knife	✓
Road base	✓	Pegs	✓
Synthetic turf	✓	Fine sand	✓

### 1 PREPARE THE SURFACE

Remove the existing top layer of grass (if applicable)

### 2 LAY THE BASE

Apply 50-100mm of road base over area. Spread evenly using a straight edge.

### 3 COMPACT THE BASE

Using a heavy roller, compact the area to ensure a flat and sound base is achieved

### 4 LAY THE TURF

Lay the turf in the required area ensuring that no creases are present.

### 5 TRIMMING/JOINING

If a join is required use tape and/or synthetic turf adhesive.

### 6 SECURE THE TURF

Using pegs, secure the turf in each corner and roughly every 500mm around the edge.

### 7 SPREAD SAND

Spread fine sand evenly across the surface. Sweep until it disappears into the grass.

### 8 ENJOY YOUR NEW IMPRESSIVE TURF SOLUTIONS SYNTHETIC GRASS!
